PHARMSAGE · PARTNER PROGRAMME

by Futuryntix UK Ltd

Bring NHS digital pharmacy to your network.

PharmSage is a live, NHS-registered telepharmacy platform that helps community pharmacies recover NHS income. You introduce — we ship the platform, run the demo, onboard, and pay you for as long as the pharmacy stays.

NO EQUITY

Pure sales partnership

RECURRING

Commission while they subscribe

PORTAL

Referral link · pipeline · payouts

Apply: pharmsage.co.uk/partners · aman.jain@futuryntix.com

THE OPPORTUNITY

A funded market that can't yet capture what it's owed.

£645m of NHS Pharmacy First funding through 2026 — and most of the 10,500 community pharmacies in Great Britain still run on paper, phone and PMR. That gap is your opening.

£645m

NHS Pharmacy First investment to 2026 that pharmacies are under-claiming today.

~10,500

community pharmacies across England, Wales & Scotland — your addressable network.

Recurring

SaaS subscriptions mean commission that compounds, not one-off referral fees.

WHAT YOU'RE SELLING

One platform that turns delivered care into captured revenue.

Live in production — not a roadmap. Easy to demo, easy to understand, easy to value.

Patient marketplace

Postcode + service search, video booking

Video consultation

In-browser, ICO-aligned, no install

Clinical capture

Structured outcome, pathway, safety-net

Claim handoff

Pharmacy First, NMS → PharmOutcomes

Recovery dashboard

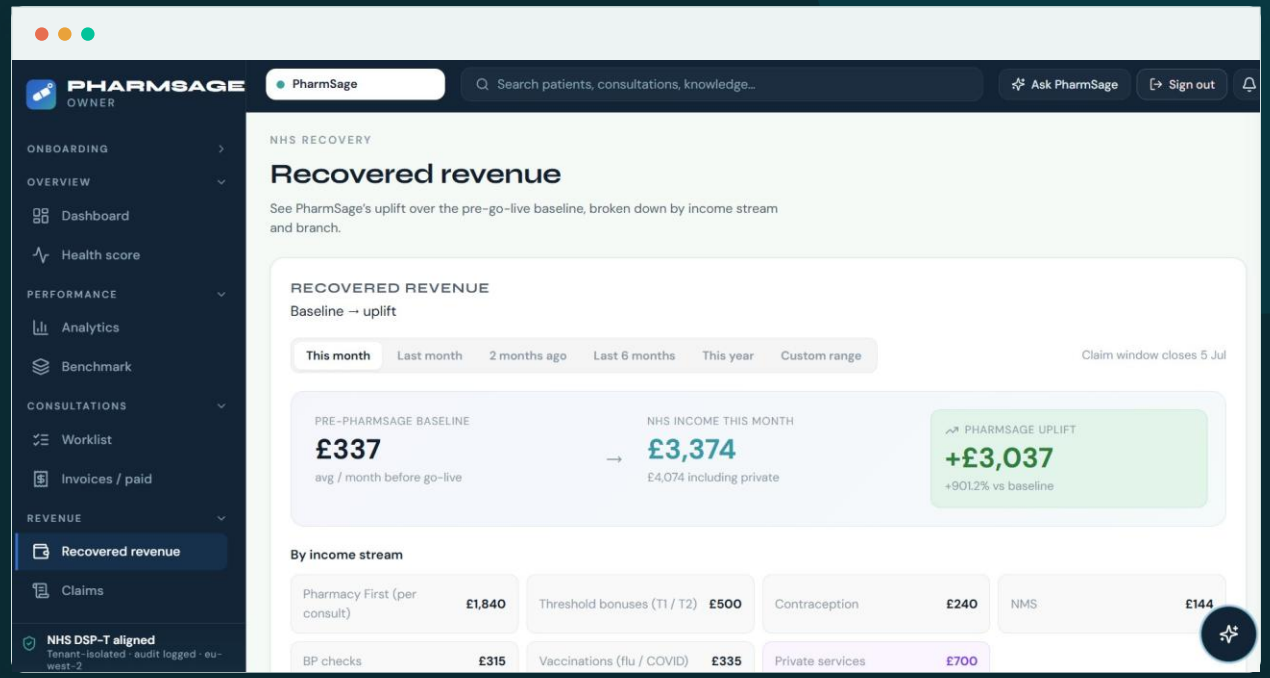

Every claimable penny made visible

Governance & audit

DSP-T, DCB0129, MFA, full audit trail

It pays for itself on the first claim cycle.

- The pitch is a number: recovered NHS revenue the pharmacy already earned
- Live dashboard shows baseline → uplift in the demo — no spreadsheet needed
- ~£50,000 typical year-one recovery on a ~£3,500 subscription
- < 6 week payback; positive ROI on the first BSA cycle
- An owner who sees their own numbers sells themselves

The closer · live recovered-revenue uplift in the demo

WHO BUYS IT

Three buyers who own the Pharmacy First revenue line.

INDEPENDENT

~6,200 contractors

Owner-pharmacist, single branch. Fastest to close — wins on time-to-claim.

£349 / mo

SMALL CHAIN

2–9 branches · ~2,100

Regional owner. Wins on branch KPIs and cross-branch compliance roll-up.

£299 / mo

ENTERPRISE

10+ branches · ~140

Head-office operator. Wins on SSO, tenant isolation, BI exports, integrations.

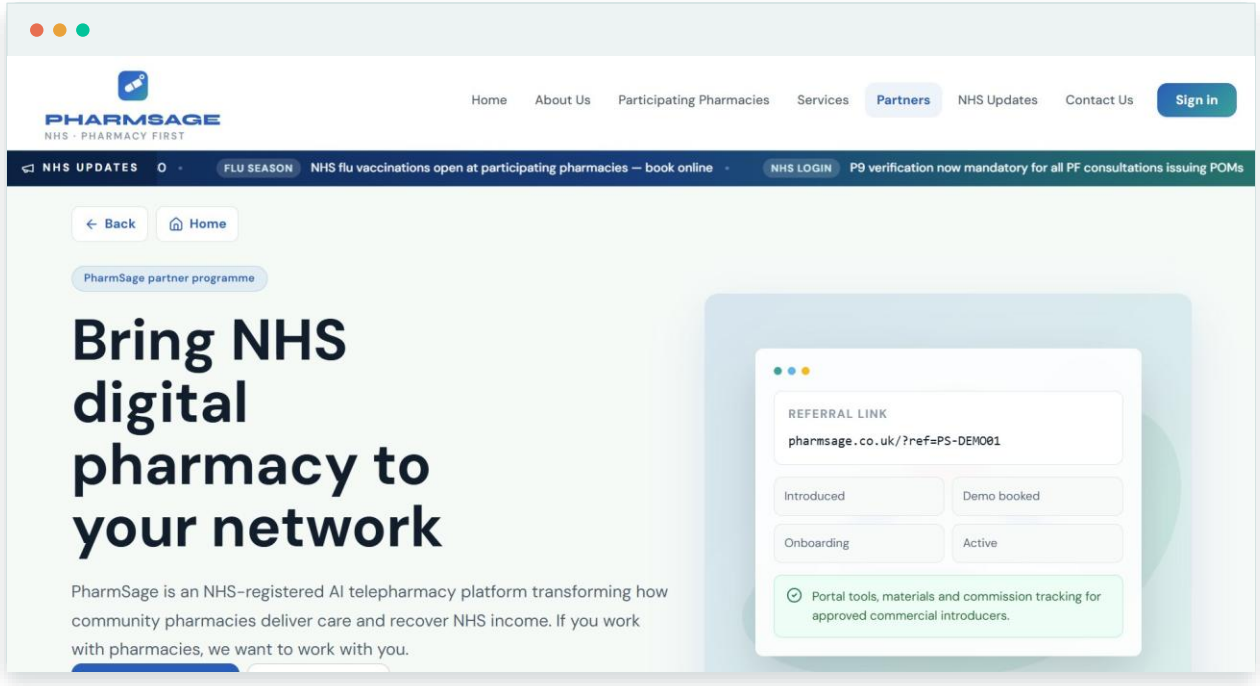

from £24k/yr

Your commission is the same recurring share across all three — bigger accounts simply pay more, for longer.

THE PARTNER PORTAL

Your referral link, pipeline and payouts — in one place.

- A unique referral link: pharmsage.co.uk/?ref=YOUR-CODE
- Live pipeline: Introduced → Demo booked → Onboarding → Active
- Commission tracking against every account you closed
- Sales materials, decks and demo-booking tools, ready to use

Partner portal · referral link, pipeline stages, commission tracking

PARTNER CLASSES

Three ways to partner. One simple deal.

Sales partners

Independent reps & agencies

Pharmacy-industry sales pros, locum networks, CPD trainers, accountancy practices serving pharmacies. You introduce — we close + onboard.

Strategic partners

PMR · PharmOutcomes · software co's

Existing pharmacy software vendors who want PharmSage in their co-sell stack — clinical capture + claim they don't build. White-label available.

Geography partners

Ireland · Wales · Scotland regions

Country / regional reps with Health Board / PSNC contacts. UK-first, then EU phase 2. Territory exclusivity available at volume tier.

REFERRAL SOURCES

Every referral becomes a tracked consultation.

Beyond pharmacy sales — anyone who touches patients can refer in, reference-coded end to end.

GP practices

Refer a patient → tracked → outcome returned

Care homes

Bulk MURs, repeat coordination, recall tracker

Employers

Occupational health, travel clinics

Gyms & wellness

Weight management, supplement consultations

Locum agencies

Locum directory + verified credentials

Commercial partners

Co-branded portals, white-label option

Reference-coded touchpoints — every referral, enquiry and ticket carries a LEAD / REQ / TKT identifier shared with you.

THE DEAL STRUCTURE

Pure sales partnership.
No equity. No IP transfer.

You bring the pharmacies — we ship the platform and the claim. You earn for as long as the pharmacy stays subscribed.

20%

first-year revenue

Commission on first-year subscription revenue from accounts you closed.

10%

ongoing

Recurring share thereafter — only on accounts the partner closed.

£0

equity given

No equity. No software IP transferred. Futuryntix remains sole vendor.

You

close support

We run the demo, onboarding and support — you focus on the introduction.

HOW IT WORKS

From your link to your payout, fully tracked.

Every stage is reference-coded and visible to you in the portal — no disputes, no black box.

1

Share

Send your unique referral link to a pharmacy contact.

2

Introduce

Lead lands in the portal, attributed to you — Introduced.

3

We demo

We run the live demo and book onboarding — Demo booked.

4

Onboard

We provision the tenant and go live — Onboarding → Active.

5

Earn

Commission accrues for as long as they subscribe.

WHAT YOU GET

Everything you need to introduce, nothing you have to build.

Referral tooling

Unique link, QR, and reference codes that attribute every lead to you.

Live pipeline & payouts

See every account's stage and your accrued commission in real time.

Sales materials

Decks, one-pagers and the recovered-revenue story, ready to send.

Demo booking

Book a PharmSage-run demo straight from the portal — we close it.

White-label option

Co-branded patient portals for strategic and commercial partners.

We handle delivery

Demo, onboarding, support and compliance — all on us.

WHY YOUR ACCOUNTS WILL STICK

Recurring commission needs a product that retains.

One unbroken loop

Marketplace → consult → capture → govern → claim in a single record. Hard to rip out once embedded.

Compliance moat

DSP-T, DCB0129, NHS-registered. A 6–8 month barrier any competitor must clear to even compete.

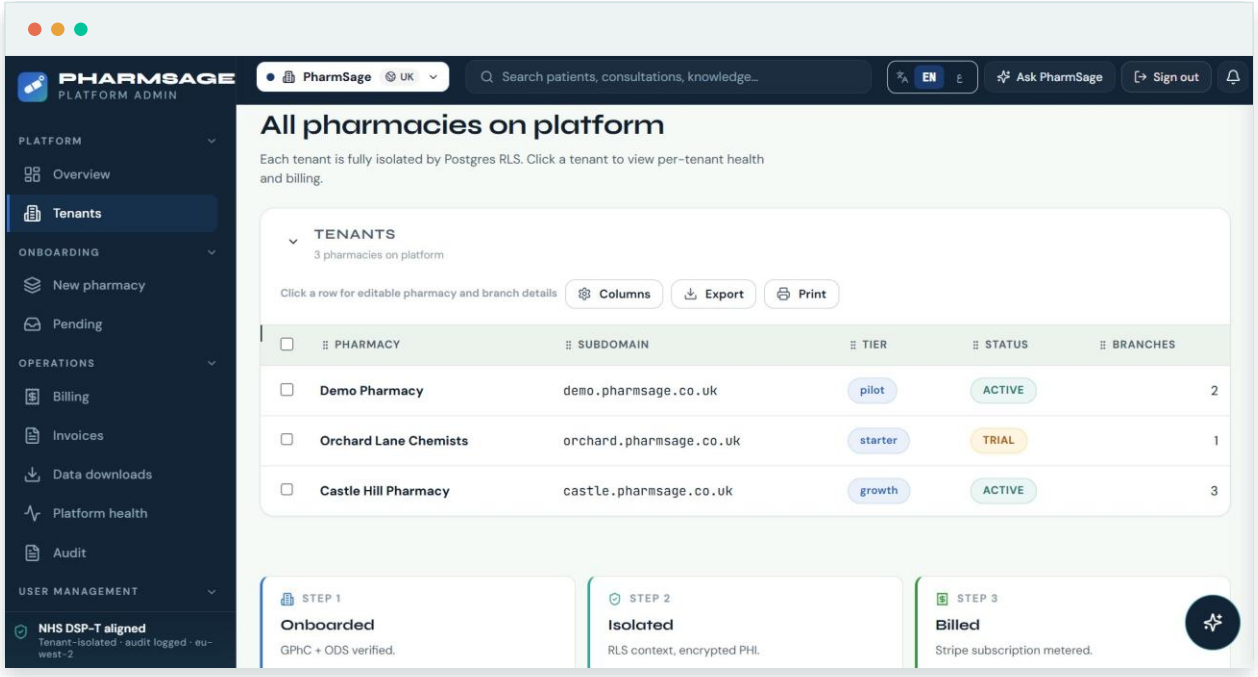

Paid by results

The recovered-revenue dashboard reminds the owner monthly why they pay — retention sells itself.

PROOF IT'S REAL

Live, multi-tenant, in production on AWS London today.

- Real pharmacies onboarded as isolated tenants (Postgres RLS)
- GPhC + ODS verified, Stripe-metered billing, 99.9% uptime
- NHS DSP-T aligned · tenant-isolated · audit-logged · eu-west-2
- Not a prototype — a platform you can demo this week

Platform · live tenants, RLS isolation, GPhC + ODS verified

GET STARTED

Three steps to your first commission.

STEP 1

Apply

Register at pharmsage.co.uk/partners. Pick your partner class and territory.

STEP 2

Get your portal

We issue your referral link, sales materials and pipeline access — usually same week.

STEP 3

Introduce & earn

Share your link, we demo and onboard, and commission accrues while they subscribe.
